I want to join Girls in the Game's Monthly Giving Club!

For less than you pay for your daily coffee or favorite beverage each month, you can sponsor one girl through an entire year of Girls in the Game programming. Everyone loves their lattes, but your small sacrifice, over the course of a year, enables one more girl to discover her strength, her voice and her confidence at Girls in the Game.

As a member of our Monthly Giving Club, you'll help Girls in the Game save on administrative costs, which means more funds for programming, and you won't have to worry about stamps, checks or reminders. And you won't receive other donation requests throughout the year. It's a win-win! So what are you waiting for? Choose the Team Captain's Club option for yourself or find a friend and be a Team Player.

Members of the Monthly Giving Club will receive information on program opportunities to meet and interact with our girls and will be invited to attend an exclusive annual Monthly Giving Club recognition event.
