Mrs. Cynthia Fogarty, Principal

September 18, 2009

Dear Ashley Hernandez,

On behalf of St. Gabriel Catholic Elementary School, I want to thank you and your awesome young adult team members, as well as the donors to *Girls in the Game*, for providing such a wonderful afternoon for our female students on Friday, September 11, 2009. The St. Gabe girls found the activities so enjoyable and they learned such valuable strategies to continue creating those positive interactions with their peers.

The energy and enthusiasm that was generated could be felt throughout the school during our St. Gabes "game day." I was particularly pleased to see the joy on our students faces as they interacted with one another and the team leaders in activities that focused on their particular needs. The girls were beaming when left school on Friday, exuding a confidence that comes when one has given their best and engaged in meaningful work. Thank you for giving our St. Gabe girls the opportunity to grow in confidence and self-esteem.

I hope St. Gabriel Elementary School can continue its relationship with *Girls in the Game* as you provided a valuable resource for our students. Thank you so much!

Sincerely,

Mrs. Cynthia Fogarty, Principal
